## PRESENTATIONS

The goal of the presentations is to show in practice your products and solutions based on IQRF. Avoid 15 min of "slideware". Do real demonstrations; show your products and solutions working on the stage. Let people "touch the real IoT". Prepare the presentation in a 4:3 format, PDF or PowerPoint file.

Presentations should be delivered no later than one week before the Summit (until April 2<sup>nd</sup>, 2019 - [https://iqrfsummit.org/upload\\_presentation](https://iqrfsummit.org/upload_presentation)).

OUR MISSION: deliver #1 interoperable wireless IoT products and solutions

## MARKET PLACE

The target of the market place is to demonstrate your products and solutions individually to other Summit participants and to discuss potential cooperation.
